

We are already looking forward to another great year in **FIRST GRADE!**

We want your children to enjoy every bit of their summer vacation! It's a wonderful time for children to relax and absorb all they have learned. But any time children have an extended break from academics, a certain amount of regression occurs. Completing the summer work packet will help offset this regression.

We suggest each child read, or be read to, for at least 15 minutes a day. Children should also complete at least 3 assignments each week from the calendars below. Assignments can be kept in a PRIMARY journal (with handwriting guidelines), and turned in to their teacher on Check-In Day, August 5, 2019.
