

INCOMING 3rd GRADE SUMMER WORK

READING: (June) Read at least one chapter book within your reading level.
(July) Read *How to Be Cool in Third Grade* by Betsy Duffey. We will be working on assignments from this book the first week of school.

MATH: Please use the website www.math-drills.com to print and practice addition and subtraction facts throughout the summer. We will begin drill tests on these facts shortly after the start of school in August.

LANGUAGE/WRITING: Keep a journal during the summer. Try to write three times each week (one paragraph or more using complete sentences). Entries can include details, thoughts, feelings, and illustrations about summer events.
