

4th Grade 2021 SUMMER BREAK REVIEW

- Students need to be **ready** to take an AR test on two chapter books of his or her choice within week 1 of school. **We will record the highest (1) test grade of the two for the first reading test grade in the first nine weeks. If two tests are not taken, a 0 will be averaged with the one test taken.** The books chosen must be grade level 3.5 or higher to count. Please use <http://www.arbookfind.com> to check the reading level of your child's book.
- Have your child write one paragraph on a large index card, telling his or her favorite part of summer vacation. If you go on a family trip together, pick up a vacation postcard to write the summary on. These will be shared during the first week of school as an ice breaker.
- Have your child complete the attached math review worksheets. Please send these worksheets with your child on the first day of school.

Solve each problem.

$4 \div 4 =$ _____

$20 \div 10 =$ _____

$20 \div 5 =$ _____
